PLANNING AND ZONING

Mr. Veryl Morrell, Land Use Administrator, and Mr. George Leary, Land Use/Natural Resource Specialist presented the following items to the Board.

Public comments were heard from Sheryl Pfeffer, Sterling Center, and Martin Bissonette, Mapleton.

Commissioner Roberts moved and Commissioner Bruender seconded the motion to approve the following resolution:

RESOLUTION GRANTING A CONDITIONAL USE PERMIT TO CONSTRUCT A TOTAL CONFINEMENT SWINE FACILITY OF 800 ANIMAL UNITS LOCATED IN AN AGRICULTURAL DISTRICT IN THE SOUTHEAST QUARTER OF THE NORTHEAST QUARTER OF SECTION 16, STERLING TOWNSHIP

WHEREAS, Duane and Martin Bissonette, owners of the following real estate in the County of Blue Earth, Minnesota, to wit:

The East Half (E1/2) of the Northeast Quarter (NE1/4) of Section Sixteen (16), Township One Hundred Five (105) North, Range Twenty-seven (27) West.

have applied for a Conditional Use Permit to construct two total confinement swine barns in an A, Agriculture Zoning District; and

WHEREAS, the Planning Agency of the County has completed a review of the application and made a report pertaining to said request (PC21-05), a copy of said report has been presented to the County Board; and

WHEREAS, the Planning Commission of the County on the 3rd day of August, 2005, following proper notice, held a public hearing regarding the request and, following the hearing, adopted a recommendation that the request for a Conditional Use Permit be granted; and

WHEREAS, the Blue Earth County Board of Commissioners finds that:

1. That with proper management of the proposed barns and with proper manure application, the Conditional Use should not be injurious to the use and enjoyment of other property in the immediate vicinity designated for agricultural uses.
2. That with proper management of the proposed barns and with proper manure application, this facility should not constitute a pollution problem.
3. That the predominant use in the area is agriculture. The Conditional Use should not impede the normal and orderly development and improvement of surrounding vacant property for agricultural uses.
4. Adequate utilities, access roads, drainage and other necessary facilities have been or will be provided.
5. Adequate measures will be taken to provide sufficient off-road parking and loading space to serve the proposed use.
6. Soil conditions are adequate to accommodate the proposed request.
7. Proper facilities will be provided which will eliminate any traffic congestion or traffic hazard which may result from the proposed use.
8. The feedlot is not greater than the feedlot standards allowed in the A, Agricultural Zoning District.
9. The proposed use is consistent with the County Land Use Plan.

10. That the proposed use does not include residential development.
11. That the proposed use does not include industrial development.

NOW THEREFORE BE IT RESOLVED, by the Blue Earth County Board of Commissioners, that the request for a Conditional Use Permit, to build two total confinement swine barns in an Agriculture Zoning District, is granted with the following conditions:

1. That the total confinement barns conform with the site plan attached to this report (PC 21-05).
2. That the feedlot, including all buildings, be located on a single, legally described parcel consisting of a minimum of ten contiguous acres. The parcel shall be a parcel of record, properly recorded in the Blue Earth County Land Records Office.
3. That the applicant must obtain an updated Blue Earth County Feedlot Permit before any animals are placed in the barns.
4. That the applicant obtain a Blue Earth County Construction Permit before building begins and within one year from the date the County Board of Commissioners approves the Conditional Use Permit. The permit shall be rendered invalid if application for a Construction Permit is not made within this one year period. Time extensions for Conditional Use Permits must be obtained from the County Board of Commissioners subsequent to a public hearing conducted by the Planning Commission.
5. That a perimeter footing drain tile be located at or below the bottom of the pit footings. The footing tile shall include one inspection pipe for each concrete pit. The native materials must be excavated and walls back filled with granular material (pit run gravel or equivalent). Exceptions to this may only include specific design standards submitted by the design engineer of the manure storage structure.
6. That management of the manure produced from the site be in accordance with the manure management plan submitted to the MPCA. Any changes in manure management from the site shall be reflected in the manure management plan on file at the feedlot. This plan must be reviewed by the operator each year and adjusted for any changes in the amount of manure production, manure nutrient test results, fields available for receiving manure, crop rotations, or other practices which affect the available nutrient amounts or crop nutrient needs on fields receiving manure as required by the MPCA. Manure application setback standards for the fields on which the manure is applied shall be followed as provided in attachment A3.
7. That the disposal of dead animals be consistent with the Minnesota Board of Animal Health regulations.

8. If rendering is the method of choice for mortality disposal, the applicant shall provide an enclosed location for the pick up of dead animals before any animals are placed in the proposed barn.
9. That adequate measures be taken to minimize or control offensive odor, fumes, dust, noise, or vibrations so that none of these will constitute a nuisance.
10. That the proposed manure storage structures be designed by a registered engineer. A copy of the designed plans must be submitted to Blue Earth County Environmental Services prior to the issuance of a construction permit.
11. That the applicant will furnish a final construction report to Environmental Services verifying that the concrete manure storage structures were constructed per approved engineered design plans. Said construction report shall be signed by a professional engineer registered in the State of Minnesota and will include the following: photographic documentation of reinforcing steel placement, collection of three sample concrete cylinders to be retained by the engineer / landowner for concrete compressive strength testing, and three batch tickets documenting the concrete design.
12. That the applicant comply with the storm-water control requirements established by the MPCA.
13. That if a shower, restroom or laundry facility is included with the proposed addition or any other livestock barns on the site, that a waste water treatment system is reviewed and constructed according to County Environmental Health Department standards.

This resolution shall become effective immediately upon its passage and without publication.

The motion carried. 2005-352

Commissioner Roberts moved and Commissioner Landkamer seconded the motion to approve the following resolution:

RESOLUTION GRANTING A CONDITIONAL USE PERMIT TO CONSTRUCT TWO TOTAL CONFINEMENT SWINE BARNS EXPANDING AN EXISTING FEEDLOT OF 850 ANIMAL UNITS TO 900 ANIMAL UNITS LOCATED IN THE NORTH 1/2 OF THE SOUTHWEST 1/4 SECTION 22, STERLING TOWNSHIP

WHEREAS, Duane and Martin Bissonette, owners of the following real estate in the County of Blue Earth, Minnesota, to wit:

The Southwest Quarter of Section 22, T. 105 N. - R. 27 W.,

have applied for a Conditional Use Permit to construct two total confinement swine barns in an A, Agriculture Zoning District; and

WHEREAS, the Planning Agency of the County has completed a review of the application and made a report pertaining to said request (PC22-05), a copy of said report has been presented to the County Board; and

WHEREAS, the Planning Commission of the County on the 3rd day of August, 2005, following proper notice, held a public hearing regarding the request and, following the hearing, adopted a recommendation that the request for a Conditional Use Permit be granted; and

The motion carried. 2005-353

Commissioner Bruender moved and Commissioner Landkamer seconded the motion to approve the following resolution:

RESOLUTION APPROVING THE PRELIMINARY AND FINAL PLAT OF A TWO LOT SUBDIVISION TO BE SUBDIVIDED AND RECORDED AS THE D AND D PAGE ADDITION LOCATED IN AN R-T, RURAL TOWNSITE ZONED DISTRICT IN THE NE 1/4 OF THE NE 1/4, SECTION 25, LERAY TOWNSHIP

WHEREAS, Mary Page, owner of the following real estate in the County of Blue Earth to wit:

As described on the Final Plat of D and D Page Addition;

is requesting Preliminary and Final Plat approval for D&D Page Addition; and,

WHEREAS, the Planning Agency of the County has completed a review of the application and made a report pertaining to said request (PC 27-05), a copy of said report has been presented to the County Board; and,

WHEREAS; the request for Preliminary and Final Plat approval does not conflict with the Land Use Plan; and,

WHEREAS; the Planning Commission of the County on the 3rd Day of August, 2005, following proper notice held a public hearing regarding the request, and following due consideration of presented testimony and information, voted unanimously to forward the matter to the County Board with a recommendation for approval subject to conditions contained in staff report No. PC 27-05, and,

WHEREAS; the County Board on the 23rd Day of August, 2005, held a public hearing regarding the request, and following due consideration of presented testimony and information, voted unanimously to approve the request subject to conditions included in staff report No. PC 27-05, and,

WHEREAS, the Blue Earth County Board of Commissioners finds:

1. The proposed subdivision conforms with the Land Use Plan.
2. The soil conditions are adequate to support the proposed use.
3. Adequate utilities, access roads, parking, drainage, and other necessary facilities have been or are being provided.
4. The proposed subdivision will not degrade the water quality of the County.
5. The proposed subdivision will not be injurious to the use and enjoyment of other property in the immediate vicinity for purposes already permitted.
6. The proposed subdivision will not impede the normal and orderly development and improvement of surrounding vacant property for the predominant uses in the area.

NOW THEREFORE BE IT RESOLVED, by the Blue Earth County Board of Commissioners, that the Preliminary and Final Plat approval is hereby **granted** contingent upon the following:

1. The developer of the subdivision acknowledges and understands the following cautionary disclosure from the Blue Earth County Code of Ordinances, Division 2. Agricultural District, Section 24-111 Purpose, Subpart (b) Agricultural operations. Said disclosure states:

Through the adoption of this subsection, the board of commissioners is expressing its intent to enhance and encourage agricultural operations within the boundaries of the county. The county will view the agriculture district as a zone in which land is used for commercial agricultural production. Owners of property, residents, other users of property in the agriculture zone, and neighboring properties adjacent to the agriculture zone may be subjected to inconvenience or discomfort arising from normal and accepted agricultural practices and operations including, but not limited to; noise, odors, dust, operation of aircraft and late night operation of farm machinery, the storage and application of manure, fertilizers, soil amendments, herbicides and pesticides associated with normal agricultural operations. Owners of property, residents, other users of property in the agriculture zone, and neighboring properties adjacent to the agriculture zone, should be prepared to accept such inconveniences or discomfort from normal operations, and are hereby put on official notice, pursuant to Minn. Stats. ch. 561.19, that this declaration may prevent them from obtaining a legal judgment against such normal operations.

2. All required infrastructure (monumentation) must be installed prior to recordation of the Final Plat
3. The Final Plat must be recorded within one year of approval by the Blue Earth County Board of Commissioners.
4. Construction and septic permits must be obtained prior to commencement of construction on lots within the subdivision.

The approval of the D and D Page Addition shall become effective immediately upon its passage and without publication.

The motion carried. 2005-354

Commissioner Bruender moved and Commissioner Landkamer seconded the motion to approve the following resolution:

**RESOLUTION GRANTING A REQUEST FOR A CONDITIONAL USE PERMIT
AUTHORIZING A LEVEL II HOME OCCUPATION LOCATED IN AN R-T, RURAL
TOWNSITE ZONED DISTRICT IN THE NE 1/4 OF THE NE 1/4,
SECTION 25, LERAY TOWNSHIP**

WHEREAS, Dan Page, owner of the following real estate in the County of Blue Earth to wit:

Lot 1, Block 1, D and D Page Addition;

is requesting a Conditional Use Permit to enable him to continue to operate an existing Diesel Truck Repair Shop as a Level II Home Occupation. Granting of the conditional use permit will bring the property into compliance with the requirements of the Blue Earth County Code of Ordinances; and,

WHEREAS, the Planning Agency of the County has completed a review of the application and made a report pertaining to said request (PC 28-05), a copy of said report has been presented to the County Board; and,

WHEREAS; the request for the Level II Home Occupation does not conflict with the Land Use Plan; and,

WHEREAS; the Planning Commission of the County on the 3rd Day of August, 2005, following proper notice held a public hearing regarding the request, and following due consideration of presented testimony and information, voted unanimously to forward the matter to the County Board with a recommendation for approval subject to conditions contained in staff report No. PC 28-05, and,

WHEREAS; the County Board on the 23rd Day of August, 2005, held a public hearing regarding the request, and following due consideration of presented testimony and information, voted unanimously to approve the request subject to conditions included in staff report No. PC 28-05, and,

WHEREAS, the Blue Earth County Board of Commissioners finds:

1. That the proposed use conforms with the Land Use Plan.
2. The demonstrated need for the proposed use.

3. That with proper management, the proposed use will not degrade the water quality of the County.
4. That with proper management, the proposed use will not adversely increase the quantity of water runoff.
5. That soil conditions are adequate to accommodate the proposed use.
6. That the proposed use does not create a potential pollution hazard.
7. That adequate utilities, access roads, drainage and other necessary facilities have been or are being proposed to serve the proposed use.
8. That adequate measures have been taken to provide sufficient off-street parking and loading space to serve the proposed use.
9. That facilities are provided to eliminate any traffic congestion or traffic hazard which may result from the proposed use.
10. That the Conditional Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted.
11. That the establishment of the Conditional Use will not impede the normal and orderly development and improvement of surrounding vacant property for the predominant uses in the area.
12. That adequate measures have been or will be taken to prevent or control offensive odor, fumes, dust, noise, and vibration, so that none of these will constitute a nuisance, and to control lighted signs and other lights in such a manner that no disturbance to neighboring properties will result.
13. That the intensity of proposed commercial or industrial development is not greater than the intensity of the surrounding uses or not greater than the intensity characteristics of the Light Industrial District.
14. That site specific conditions are established for the protection of the public's health, safety, and welfare.

NOW THEREFORE BE IT RESOLVED, by the Blue Earth County Board of Commissioners, that the Conditional Use Permit to permit operation of a Level II Home Occupation from the Page Diesel Truck Repair site is hereby **granted** contingent upon the following conditions:

1. This conditional use permit will become effective upon construction and occupation of a residence on Lot 1, Block 1, D&D Page Addition.
2. All Hazardous materials generated or used by the business must be properly stored and disposed pursuant to applicable MPCA regulations. An MPCA licensed hauler shall be used for the transport/disposal of used oil and/or other automotive fluids.
3. Septic permits and construction permits must be obtained prior to the commencement of construction activities on the residence.
4. In the event of construction activities on the property erosion control measures adequate to prevent sediment transport off the property shall be incorporated. These measures may include silt fence, bale checks, mulch blankets, etc. Such erosion control shall be maintained until the area has been re-vegetated.
5. All materials storage must be enclosed and/or out of public view.
6. That if the operation becomes or creates a public nuisance or is out of compliance with the terms of the Conditional Use Permit or other required permits, the County Board may review, modify, or revoke the Conditional Use Permit.
7. That this permit shall be effective for a period of five years, until August 23, 2010, after which it will be reviewed by the Blue Earth County Board.

This Conditional Use Permit shall become effective immediately upon it's passage and without publication.

The motion carried. 2005-355

Commissioner Roberts moved and Commissioner Bruender seconded the motion to approve the following resolution:

RESOLUTION GRANTING A CONDITIONAL USE PERMIT TO CONSTRUCT ONE TOTAL CONFINEMENT SWINE BARN AT AN EXISTING FEEDLOT OF 279 A.U. THE PROPOSED CONSTRUCTION WILL NOT INCREASE THE TOTAL NUMBER OF ANIMAL UNITS. THE FEEDLOT IS LOCATED IN THE NORTHEAST QUARTER OF THE SOUTHEAST QUARTER OF SECTION 9, VERNON CENTER TOWNSHIP.

WHEREAS, Henry Roelofs, owner of the following real estate in the County of Blue Earth, Minnesota, to wit:

Commencing at the Northeast corner of the Southeast Quarter (SE1/4) of Section 9, Township 106, Range 28, thence South 795' to the point of beginning; thence continuing South on the North/South section line to the point of intersection with the center thread of County Ditch #78; thence westerly and northerly along the center thread of County Ditch No. 78 to a point due West of the point of beginning; thence East to the point of beginning.

has applied for a Conditional Use Permit to construct one total confinement swine barn at an existing feedlot in an A, Agriculture Zoning District; and

WHEREAS, the Planning Agency of the County has completed a review of the application and made a report pertaining to said request (PC29-05), a copy of said report has been presented to the County Board; and

WHEREAS, the Planning Commission of the County on the 3rd day of August, 2005, following proper notice, held a public hearing regarding the request and, following the hearing, adopted a recommendation that the request for a Conditional Use Permit be granted; and

WHEREAS, the Blue Earth County Board of Commissioners finds that:

1. That with proper management of the proposed barn and with proper manure application, the Conditional Use should not be injurious to the use and enjoyment of other property in the immediate vicinity designated for agricultural uses.
2. That with proper management of the proposed barn and with proper manure application, this facility should not constitute a pollution problem.
3. That the predominant use in the area is agriculture. The Conditional Use should not impede the normal and orderly development and improvement of surrounding vacant property for agricultural uses.
4. Adequate utilities, access roads, drainage and other necessary facilities have been or will be provided.
5. Adequate measures will be taken to provide sufficient off-road parking and loading space to serve the proposed use.
6. Soil conditions are adequate to accommodate the proposed request.
7. Proper facilities will be provided which will eliminate any traffic congestion or traffic hazard which may result from the proposed use.
8. The feedlot is not greater than the feedlot standards allowed in the A, Agricultural Zoning District.

9. The proposed use is consistent with the County Land Use Plan.
10. That the proposed use does not include residential development.
11. That the proposed use does not include industrial development.

NOW THEREFORE BE IT RESOLVED, by the Blue Earth County Board of Commissioners, that the request for a Conditional Use Permit, to build one additional total confinement swine barn in an Agriculture Zoning District, is granted with the following conditions:

1. That the total confinement barn, conforms with the site plan attached to this report (PC 29-05).
2. That the feedlot, including all buildings and the proposed barn, be located on a single, legally described parcel consisting of a minimum of ten contiguous acres. The parcel shall be a parcel of record, properly recorded in the Blue Earth County Land Records Office.
3. That the applicant must obtain an updated Blue Earth County Feedlot Permit before any animals are placed in the barn.
4. That the applicant obtain a Blue Earth County Construction Permit before building begins and within one year from the date the County Board of Commissioners approves the Conditional Use Permit. The permit shall be rendered invalid if application for a Construction Permit is not made within this one year period. Time extensions for Conditional Use Permits must be obtained from the County Board of Commissioners subsequent to a public hearing conducted by the Planning Commission.
5. That a perimeter footing drain tile be located at or below the bottom of the pit footings. The footing tile shall include one inspection pipe for each concrete pit. The native materials must be excavated and walls back filled with granular material (pit run gravel or equivalent). Exceptions to this may only include specific design standards submitted by the design engineer of the manure storage structure.
6. That management of the manure produced from the site be in accordance with the manure management plan submitted to the MPCA. Any changes in manure management from the site shall be reflected in the manure management plan on file at the feedlot. This plan must be reviewed by the operator each year and adjusted for any changes in the amount of manure production, manure nutrient test results, fields available for receiving manure, crop rotations, or other practices which affect the available nutrient amounts or crop nutrient needs on fields receiving manure as required by the MPCA. Manure application

setback standards for the fields on which the manure is applied shall be followed as provided in attachment A3.

7. That the disposal of dead animals be consistent with the Minnesota Board of Animal Health regulations.
8. If rendering is the method of choice for mortality disposal, the applicant shall provide an enclosed location for the pick up of dead animals before any animals are placed in the proposed barn.
9. That adequate measures be taken to minimize or control offensive odor, fumes, dust, noise, or vibrations so that none of these will constitute a nuisance.
10. That the proposed manure storage structure be designed by a registered engineer. A copy of the designed plans must be submitted to Blue Earth County Environmental Services prior to the issuance of a construction permit.
11. That the applicant will furnish a final construction report to Environmental Services verifying that the concrete manure storage structure was constructed per approved engineered design plan. Said construction report shall be signed by a professional engineer registered in the State of Minnesota and will include the following: photographic documentation of reinforcing steel placement, collection of three sample concrete cylinders to be retained by the engineer / landowner for concrete compressive strength testing, and three batch tickets documenting the concrete design.
12. That the applicant comply with the storm-water control requirements established by the MPCA.
13. That if a shower, restroom or laundry facility is included with the proposed addition or any other livestock barns on the site, that a waste water treatment system is reviewed and constructed according to County Environmental Health Department standards.

This resolution shall become effective immediately upon its passage and without publication.

Said tract contains 0.3 acres, subject to any and all easements of record;

is requesting a Conditional Use Permit to authorize reconstruction of a non-conforming structure that is over 51% destroyed by fire. Granting of the conditional use permit will bring the property into compliance with the requirements of the Blue Earth County Code of Ordinances; and,

WHEREAS; the Blue Earth County Board of Adjustment, on the 3rd Day of August, 2005, following proper notice held a public hearing regarding the request and following due consideration of presented testimony and information, voted unanimously to approve a variance reducing the required OHWM setback from Lake Washington from 75 feet to 60 feet subject to conditions contained in staff report No. BOA 06-05, and,

WHEREAS, the Planning Agency of the County has completed a review of the application and made a report pertaining to said request (PC 30-05), a copy of said report has been presented to the County Board; and,

WHEREAS; the request for the Conditional Use Permit to authorize reconstruction of a non-conforming structure that is over 51% destroyed by fire does not conflict with the Land Use Plan; and,

WHEREAS; the Planning Commission of the County on the 3rd Day of August, 2005, following proper notice held a public hearing regarding the request, and following due consideration of presented testimony and information, voted unanimously to forward the matter to the County

Board with a recommendation for approval subject to conditions contained in staff report No. PC 30-05, and,

WHEREAS; the County Board on the 23rd Day of August, 2005, held a public hearing regarding the request, and following due consideration of presented testimony and information, voted unanimously to approve the request subject to conditions included in staff report No. PC 30-05, and,

WHEREAS, the Blue Earth County Board of Commissioners finds:

1. That the proposed use conforms with the Land Use Plan.
2. The demonstrated need for the proposed use.
3. That with proper management, the proposed use will not degrade the water quality of the County.
4. That with proper management, the proposed use will not adversely increase the quantity of water runoff.
5. That soil conditions are adequate to accommodate the proposed use.
6. That the proposed use does not create a potential pollution hazard.
7. That adequate utilities, access roads, drainage and other necessary facilities have been or are being proposed to serve the proposed use
8. That adequate measures have been taken to provide to provide sufficient off-street parking and loading space to serve the proposed use.
9. That facilities are provided to eliminate any traffic congestion or traffic hazard which may result from the proposed use.
10. That the Conditional Use will not be injurious to the use and enjoyment of other property in the immediate vicinity for the purposes already permitted.
11. That the establishment of the Conditional Use will not impede the normal and orderly development and improvement of surrounding vacant property for the predominant uses in the area.
12. That adequate measures have been or will be taken to prevent or control offensive odor, fumes, dust, noise, and vibration, so that none of these will constitute a

nuisance, and to control lighted signs and other lights in such a manner that no disturbance to neighboring properties will result.

13. That the intensity of proposed commercial or industrial development is not greater than the intensity of the surrounding uses or not greater than the intensity characteristics of the Light Industrial District.
14. That site specific conditions are established for the protection of the public's health, safety, and welfare.

NOW THEREFORE BE IT RESOLVED, by the Blue Earth County Board of Commissioners, that the Conditional Use Permit to authorize reconstruction of a non-conforming structure that is over 51% destroyed by fire is hereby **granted** contingent upon the following conditions:

1. The 152 square foot cement block bathrooms and the 256 square foot (garage) storage building to be removed when the new pavilion is completed and ready for use (within six months of occupancy).
2. Applicant to comply with stated conditions in Variance No. BOA 06-05
3. Construction permits must be obtained prior to the commencement of construction activities on the residence.
4. During construction activities on the property erosion control measures adequate to prevent sediment transport off the property shall be incorporated. These measures may include silt fence, bale checks, mulch blankets, etc. Such erosion control shall be maintained until the area has been re-vegetated.
5. Landscaping and vegetation/shrubbery shall be arranged between the lake and the pavilion in a manner designed to blend the structure in with the surrounding area and screen the structure from view of the lake during summer, leaf-on conditions.
6. That if the operation becomes or creates a public nuisance or is out of compliance with the terms of the Conditional Use Permit or other required permits, the County Board may review, modify, or revoke the Conditional Use Permit.
7. That this permit shall be effective for a period of five years, until August 23, 2010, after which it will be reviewed by the Blue Earth County Board.

This Conditional Use Permit shall become effective immediately upon its passage and without publication.
