

BLUE EARTH COUNTY

Septic System Compliance Inspection Waiver

A septic system compliance inspection is required for the issuance of building permits, conditional use permits, shoreland alteration permits, variances, property splits. This optional form allows you to forgo the expense of a compliance inspection and divulge any known information about your septic system.

I, _____ being the owner of the property located at _____ admit that the sewage or effluent from my septic system is discharging: (check all that apply)

- to a field tile line
- to the ground surface
- to an outdated drainfield
- to an unknown location

I understand that I am required to either replace the system with a new code compliant septic system or eliminate the system. I will (initial one)

_____ install a new code compliant septic system within 10 months.

_____ properly abandon the existing septic tank/tanks within 10 months.

I acknowledge no delay beyond the period stated will be granted.

I understand that I may face legal penalties and may be turned over to the County Attorney or the MPCA for enforcement if the work is not completed as agreed.
